Question text

Please complete the following survey about the course:

What is the college of your major?

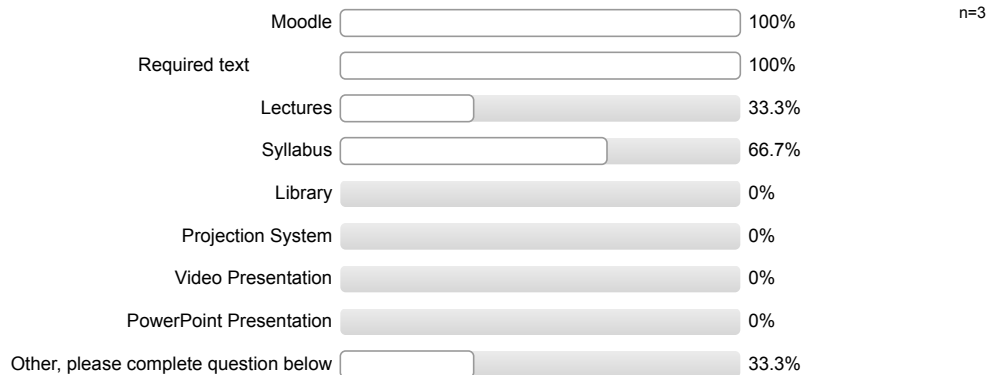

What is your classification?

What grade do you expect in this course?

What instructional resources were used in this course? **Check all that apply.**

What activities and resources were required of students? **Check all that apply.**

How many classes did you miss?

How many hours per week did you spend outside of class preparing for this course?

The instructor made appropriate use of illustrations, demonstrations, examples, and/or required materials.

I turned in all required materials on time.

The instructor provided feedback on my performance within a reasonable time.

The instructor explained subject matter in a way that I could understand.

The instructor created an atmosphere where ideas can be exchanged freely and easily.

I learned a lot in this course.

The instructor spoke audibly and clearly.

This course challenged me to think.

The instructor was available for scheduled appointments outside of class.

Expectations on assignments, projects, and/or exams were clearly communicated.

The instructor was respectful to students.

The physical environment (facility) was conducive to learning.

The course resources were useful and appropriate for learning.

The workload for this course in relation to other courses of equal credit was:

Overall, I would rate this course as:

Overall, I would rate the effectiveness of this instructor as:

Comments Report

Please complete the following survey about the course:

If you marked "Other" in the question above, please list the instructional resources used in this course below.

- Direct application of the of the music industry in music-related events on campus

Please provide any comments about the course or instructor in the space below, including ways to improve instruction.

- Dr. Willey is a great teacher. I have learned a lot more than I thought I would in this class. Two thumbs up.
- Great man and inspirational when coming to taking initiative in the music industry as well as other aspects of a future career, but the entirety of the course seemed to steer off-topic (without mind being paid particularly).
